More Easy-to-Use Features

4.0 Cu. Ft. Capacity
Accomplish more with extra large capacity.

IQ-Touch™ Controls
Unique knobless controls and intuitive design offer clean, sleek style to fit any space and provide easy operation.

Gentle Dry
Advanced drying technology uses lower heat temperatures to be more gentle on your clothes, protecting them from over-drying, shrinking, and wrinkling.

Delay Start
Lets you be flexible with your time and still have laundry done when you want it done.

3 Temperature Settings
Multiple options for achieving the perfect dry.

Stainless Steel Tub
Durable tub allows for long-term use and quiet operation.

Platinum Star® Limited Warranty
Our exclusive limited warranty that includes a 3-year coverage on parts and one year on labor.¹

Available in:

- Stainless (IS)
- Island White (IW)

Ventless Model
Condensation dryer allows you to have a perfect clean in any space and installation is easy. Eco-friendly unit that doesn’t recycle heat from your home. Direct drain kit included.

Reverse Tumble
Alternates directions during dry load to reduce tangling/wrinkling of clothes and improve overall performance.

Reversible Door
Offers maximum flexibility of any space and easy transfer of clothes from washer to dryer.

7 Dry Cycles
Including Wrinkle Release and Delicate Cycle.

¹Eligibility based on product registration with Electrolux North America within 60 days of purchase. Products must have been purchased on or after July 1, 2013. Coverage includes material parts for 3 years and labor for 1 year.

Electroluxappliances.com
24” ELECTRIC FRONT LOAD DRYER

Capacity: 0.0.E. 4.0 Cu.Ft.

FEATURES
- Pull-to-Open Door
- IQ-Touch™ Electronic Controls
- Dry System: Condensing
- LED Lighting
- Reversible Door
- Adjustable Leveling Legs

CYCLES
- Normal, Heavy, Delicates, Casual, Mixed Load,
  Touch Up, Towels, Jeans, Fast Dry, Wool, Timed Dry

OPTIONS
- Temperature Selections: 3
- Manual Timed Dry Selections: 11
- Delay Start: Yes
- End-of-Cycle Chime On/Off: Yes
- Wrinkle Release
- Dryness Levels: 4

INSTALLATION OPTIONS
- Freestanding, Under Counter, Stacked (under dryer), Recessed Alcove

ACCESSORIES
- Stainless Steel with Drawer – PN # STACKIT24S
- White with Drawer – PN # STACKIT24W
- No Drawer – PN # STACKIT24C

SPECIFICATIONS
- Color: Stainless Steel
- Height: 33-1/2”
- Width: 24”
- Depth (to Center of Arc Not Including Hose)
  (with Door 90° Open): 24” 43”

Electric Dryer Specifications

- Product Weight – 119 Lbs.
- Condensation Dryer requires electrical hookup with no ventilation exhaust needed. Condensation is removed via manual condensation drain hose to inner reservoir (to be removed manually), or by draining directly into washer’s standpipe with use of supplied Direct Condensation Drain Hose Kit. (Refer to Direct Drain Option Specifications for drainage details.)
- Voltage Rating – 208 / 240VAC
- Single phase 3- or 4-wire cable, 208 / 240 Volt, 60 Hertz AC only electrical supply with ground required on separate circuit fused on both sides of line. (Do not use same circuit as washer.)
- Connected Load (kW Rating) @ 208 / 240 Volts = 2.8 kW
- Amps @ 208 / 240V = 16A
- Dryer MUST employ a 3-conductor NEMA 10-30 type SRDT or 4-conductor NEMA 14-30 type SRDT or ST (as required), rated at 240 volt AC minimum, 30 amp power supply cord marked for use with clothes dryers (not supplied).
- Grounding through neutral link prohibited in specific applications and certain locales, requiring use of 4-wire system. (For detailed electrical requirements, refer to Product Installation Guide on web.)
- Always consult local and national electric & plumbing codes.
- Can be installed alone or stacked above matching Electrolux Washer, which requires installation of optional dryer stacking kit. (For installation details, refer to instructions included with stacking kit or on web.)
- Can be built in with matching Electrolux Washer in under-counter or recessed alcove installation with NO minimum clearance required around sides, backs and tops of units. Location of plumbing and utility hookups MUST be considered in built-in installations. For additional installation details, refer to Product Installation Guides on web.)
- Do NOT install in area exposed to dripping water or outdoor weather conditions, or where gasoline or other flammables are kept or stored.
- For garage installation, dryer MUST be located minimum 18” above floor.
- Floor MUST be solid with 1” maximum slope. To ensure vibration or movement does not occur, reinforcement of floor may be necessary. Do NOT install on carpeted surface.
- Leveling legs supplied to level dryer properly and reduce excessive noise and vibration.

Direct Drain Option Specifications

- When using Direct Condensation Drain Hose Kit (supplied) to drain condensation directly into washer’s standpipe, distance from bottom of drain hose sag to top of highest part of drain hose should be 20” max. with drain height located 40” max. above bottom of dryer’s leveling legs.

Note: For planning purposes only. Refer to Product Installation Guide on the web at electroluxappliances.com for detailed instructions.

Optional Accessories

- Dryer Stacking Kit – Stainless Steel with Drawer (PN # STACKIT24S), White with Drawer (PN # STACKIT24W), No Drawer (PN # STACKIT24C).
- Drying Rack – (PN # 902979409),
