1 Side-by-Side units in under-counter installation require custom-built countertop and/or cabinetry.
2 An electrical supply with grounded three-prong receptacle is required. The power supply circuit must be installed in accordance with current edition of National Electrical Code (NFPA 70) and local codes & ordinances.

**NOTE:** Always consult local and national electrical and plumbing codes. Refer to Product Installation Guide for detailed installation instructions on the web at electroluxappliances.com. Specifications subject to change.
**Front Load Washer Specifications**

- **Product Weight** – 237 Lbs. / Shipping Weight – 247 Lbs.
- An electrical supply with grounded three-prong receptacle is required. The power supply circuit must be installed in accordance with current edition of National Electrical Code (ANSI/NFPA 70) and local codes & ordinances. *(Do not use same circuit as dryer.)*
- Voltage Rating – 120V/60Hz
- Connected Load (kW Rating) @ 120 Volts = 1.2 kW
- Amps @ 120V = 12A
- Equipped with 120V 3-wire power supply cord, approx. 60” long.
- Always consult local and national electric & plumbing codes.
- To maximize detergent effectiveness, ambient temperature should never be below 60°F.
- Can be installed alone, with or without optional 15” pedestal drawer, or stacked beneath matching Electrolux Dryer, which requires installation of optional dryer stacking kit. *(For installation details, refer to instructions included with optional pedestal or stacking kit or on web.)*
- Can be built in alone or with matching Electrolux Dryer *(side by side or stacked)* in closet, recess or under counter installation with 0” minimum clearance required around sides and back of unit(s). To achieve 0” minimum rear clearance when installed with dryer, dryer MUST be vented straight back or with quick-turn 90° elbow. Installation of closet door(s) requires additional 1” minimum clearance between front of unit(s) and door(s). Location of plumbing, exhaust and utility hookups MUST be considered when planning any built-in installation.
- Under-counter installation requires custom-built countertop and/or cabinetry to accommodate unit(s) height.

**Optional Accessories**

- Pedestal Drawers – Island White *(PN # EPWD157SIW)*.
- Dryer Stacking Kit – *(PN # STACKIT7X)*.
- Drain Hose Extension Kit – *(PN # 137098000)*.
- Water faucets MUST be installed within 42” of washer’s water inlet and MUST be 3/4” garden hose type, to connect to 48-1/2” inlet hoses.
- Drain required with standpipe diameter of 1-1/4” min. and height of 24” min. / 96” max. above floor, capable of eliminating 17 gallons per minute. Attached 50” drain hose can reach 79”-high standpipe.

**Installation Clearances:**

Washer can be built in alone or with dryer *(side by side or stacked)* in closet, recess or under counter installation with 0” minimum clearance required around sides and back of unit(s). To achieve 0” minimum rear clearance when installed with dryer, dryer MUST be vented straight back or with quick-turn 90° elbow. Installation of closet door(s) requires additional 1” minimum clearance between front of unit(s) and door(s). Location of plumbing, exhaust and utility hookups MUST be considered when planning any built-in installation. For additional installation details, refer to Product Installation Guides on web.

**Under Counter Installation:**

Installation of washer alone or side by side with dryer under counter, requires custom-built countertop and/or cabinetry to accommodate unit(s) height. Stacking dryer above washer requires use of optional Stacking Kit *(PN # STACKIT7X)* with modified utility hookup locations for dryer. For complete installation details, refer to instructions included with Stacking Kit or on web.
