Featuring IQ-Touch™ Electronic Controls

SIGNATURE FEATURES

PROCLEAN™ SYSTEM

SATELLITESPRAY™ ARM
An innovative rotating wash zone gives you 400% more water coverage, targeting virtually every spot in your dishwasher for a truly professional-level clean.

30-MINUTE FAST WASH CYCLE
Thoroughly cleans in just 30 minutes.

TARGET WASH ZONES
Two flexible spray jets deliver a targeted wash to the most challenging dirty dishes, from sport bottles to heavy-duty pots and pans.

PRODUCT DIMENSIONS

Height (Adjustable) 33-3/4” – 35-3/4”
Width 23-3/4”
Depth 24-1/4”

MORE EASY-TO-USE FEATURES

EASY-LIFT ADJUSTABLE RACKS
Versatile racking system easily adjusts to provide the perfect place for all your dishware — no pinching, pulling, or toggling required.

PERFECT STEMWARE™ GRIPS
Six flexible grips gently hold stemware and other delicate items for a secure wash, every time.

LUXURY-QUIET™ DISHWASHER + CLEAN LIGHT
A sound package so quiet, we engineered Clean Light to let you know when your dishes are clean.

SMARTSOIL™ SENSOR
Responsive technology that delivers a more effective, more efficient clean by continuously monitoring water purity to determine exactly how long a cycle should run.

MORE OPTIONS
An even more amazing wash with unique options like Air Dry, NSF® Certified Sanitize Rinse, Hi-Temp Wash, Max Dry, and Delay Start (2, 4, 6 hours).

FLEXIBLE UTENSIL BASKET
With a large capacity utensil basket that can be split, reconfigured, and placed anywhere, you have even more loading options.

ECOLUX
With an eye to conserving our natural resources — and keeping your utility bill low — Electrolux dishwashers are ENERGY-STAR®-Qualified and incorporate innovative features like Air Dry option and efficiency-seeking SmartSoil™ Sensor technology.

PLATINUM STAR WARRANTY
Our exclusive limited warranty that includes a 3-year coverage on parts and one year on labor without charge.¹

LUXURY-DRY™ SYSTEM
With a condensation dry system, you can place any piece of dishware anywhere, and still get outstanding drying results.

Available in:

White (W)  Black (B)

¹Eligibility based on product registration with Electrolux North America within 60 days of purchase. Products must have been purchased on or after July 1, 2013. Coverage includes material parts for 3 years and labor for 1 year.
High standards of quality at Electrolux Home Products, Inc. mean we are constantly working to improve our products. We reserve the right to change specifications or discontinue models without notice.

Meets requirements of ASSE 1006

**Built-In Dishwasher Specifications**

- **Product Weight** – 98 Lbs.
- **Voltage Rating** – 120V/60Hz/15 Amps
- **Connected Load (kW Rating)** @ 120 Volts = 1.44 kW
  (For use on adequately wired 120V, dedicated circuit having 2-wire service with a separate ground wire. Appliance must be grounded for safe operation.)
- **Amps @ 120V** = 15A
- **Always consult local and national electric & plumbing codes.**
- **Meets requirements of ASSE 1006 — integral air gap on supply.**
- **Water Pressure** – Hot water line to dishwasher must provide between 20 and 90 pounds per square inch (psi) with at least 120°F hot water temperature.
- **Make sure location has correct drain, water and electrical outlets to make connections.**
- **Electrical and water supplies should enter cabinet opening on floor, or through back or side walls, as shown in shaded areas.**
- **Keep back free of drain, water & electrical supply.**
- **Connections preferably located toward left side of dishwasher. Do not cross drain, water or electrical lines in front of motor, blower or frame.**
- **If connecting drain hose to sink trap, local code may require installation of Air Gap Kit (not included).**
- **Leveling legs supplied to adjust height. (Note: Height only adjustable to 35-3/4" max. when installed in 35-3/4" max. standard cabinet cutout. 5/16" min. clearance required from top of unit to underside of countertop. Dimensions do NOT include insulation — insulation blanket may be compressed during installation.)**
- **When installing adjacent to wall, cabinet or other obstruction that extends beyond front edge of unit, allow 2" minimum clearance between opened door and obstruction.**
- **Floor should be flat and free of obstructions.**
- **When installing at end of cabinet line, sides and back must be fully enclosed.**
- **Do not install unit under a cooktop, damage will occur.**
- **Recommended to seal cabinets, enclosing all sides of dishwasher, including underside of countertop, with oil-based paint or moisture-proof polyurethane to prevent possible steam/moisture damage.**

General Installation Guidelines
For Installation with Side-by-Side Refrigerator

Use these dimensions and clearance instructions for planning purposes only. For detailed installation instructions, refer to installation guide, packed with product, or on the web at electroluxappliances.com.

When installing built-in cooking appliances in combination, 2" high minimum visible gap between appliance faceplates required.

Clearance information for cooking appliances, provided in specific product’s installation guide.

24" Cabinet
24" Cabinet
25" Countertop
12" Cabinet

*When installing side-by-side refrigerator adjacent to wall, cabinet or another appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 120° to 180° door swing, providing complete drawer/crisper access and removal. (Absolute 4-1/2" minimum clearance will only allow for 90° door swing which will provide limited drawer/crisper access with restricted removal.)

When installing appliance with sliding drawer or drop-down door directly across from obstructions, provide sufficient clearance for drawer extension or door swing.

Front

To ensure optimum performance, avoid installing refrigeration appliances in direct sunlight or near heat source.

When installing appliance with side-swing door adjacent to wall, cabinet, or other obstruction that extends beyond front edge of appliance, door swing and handle clearance must be sufficient to allow access to appliance interior.

When installing appliance with sliding drawer or drop-down door adjacent to wall, cabinet, or other obstruction that extends beyond front edge of appliance, allow 2" minimum clearance between drawer or door and obstruction.
